

GOVERNMENT APPROVED
CITIZENSHIP
BY INVESTMENT PROJECT

“

We see this project, the Sanctuary Rainforest Eco Resort as fitting and considerate to our own vision for our country especially in the Roseau Valley; ensuring that at all stages, the environment is respected and the environment is protected.”

Hon. Dr. Roosevelt Skerrit,
Prime Minister & Minister of Finance

MESSAGE FROM THE DEVELOPER

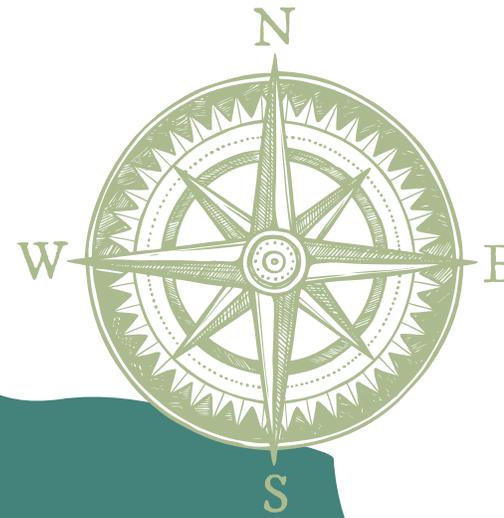

Vital Developers Ltd. is honored to present the Sanctuary Rainforest Eco Resort and Spa to potential Investors worldwide. We are thankful for the cooperation of the CBI Technical Sub Committee and the Physical Planning Division, whose assistance was necessary in carrying out Environmental Impact Studies at Providence Estate located in the lush rainforest of Dominica, and therefore critical in obtaining the Government of Dominica's approval for the Resort under the Citizenship by Investment Program.

Having settled in the Caribbean region for nearly 20 years, we feel privileged for the opportunity to contribute to the economic development of Dominica through the creation of jobs and enhancement of tourism on the island.

It is our promise that the beauty that is the soul of Dominica will be preserved and emphasized while simultaneously featuring first class modern amenities, in keeping with the Government's efforts for a climate resilient Dominica.

ABOUT DOMINICA

WHERE SCENIC SPLENDOUR IS ON THE MENU

Paradise. Where the hustle stops. Insular, surrounded by the gentle waters of the Caribbean Sea on the volcanic silvery western coastline and deep Atlantic Ocean on battered eastern shores.

A leading Caribbean eco tourist magnet, Dominica is not far from Eden, showcasing diverse species of tropical flora, **unique non-poisonous wildlife**, shy possums her wildest beast; vast, dense rainforests which flourish beneath blue skies, clean air, sweet soil quenching rain drops, and splendid sunshine.

The island is located in the West Indies between the French speaking islands of Martinique and Guadeloupe.

A former French and British colony, English is the official language, while French Creole, a dialect of the French language is an embodiment of the island's cultural idiosyncrasies.

Dominica is a member of the Organization of the Eastern Caribbean States (OECS), and the CARICOM; as a result, citizens can live and start a business in any of the 15 member states without restrictions.

DOMINICA

A VALUE-DRIVEN INVESTMENT INTO SANCTUARY RAINFOREST ECO RESORT AND SPA

There are many objective reasons for investing in a Preferred Share in Sanctuary Rainforest Eco Resort and Spa to acquire Citizenship for Investor or Investor together with his/her family in comparison to other currently available real estate investment options not only in Dominica, but also in the Caribbean. These are namely:

- * **The most cost-effective investment option on the market - only \$200,000**
- * **We offer a minimum initial deposit requirement of only \$10,000 (5% of the total investment)**
- * **We do not charge property transfer tax, as investment goes into the Preferred Share**
- * **We do not charge Preferred Share registration or transfer fees**
- * **We do not charge legal fees for property transfer**
- * **We do not charge the Investor annual maintenance or similar fees.**

All of the above give Investors significant savings on initial investment costs and on future resale costs of the Preferred Share after 5 years, plus provide additional benefits in the form of free accommodation and annual dividends.

Dominica does not have many white sand beaches, however as an Eco tourism destination is on top of the world's list and is correctly nicknamed the "Nature Island". As a result, by investing into a Preferred Share of Sanctuary Rainforest Eco Resort and Spa you invest in an enterprise that is designed to benefit from Dominica's natural wonders and pass these benefits to Investors.

From whatever angle looked at, investing in Sanctuary Rainforest Eco Resort and Spa is without a doubt the most attractive real estate option on the market for obtaining Dominica Citizenship.
